Business Men's League Plans Reception for Illinois Legislators Who Are Making Tour to New Orleans on Launch.

Preparations are being made by the Business Men's League of St. Louis to entertain five Illinois Congressmen, who are making a tour of inspection from Chicago to New Orleans, looking toward the digging of the deep-water canal between Chicago and St. Louis. The party will arrive in St. Louis from Peerla to-morrow or Saturday.

The party, which is made up of Congressmen William Lorimer. Martin R. Madden, Joseph Graff, H. T. Rainey and Howard Snapp, probably will remain in St. Louis over Sunday, and depart Monday on Mr. Lorimer's steam launch, Demisol, for New Orleans. Although no definite programme has been arranged for the entertainment of the party. W. F. Saunders of the Business Men's League stated last night that the entertainment probably would consist of a luncheon at the Mercantils Club and an automobile tour of the city and World's Fair grounds.

The party left Chicago Monday and the members have made speeches faverable to the canal project at all the towns along the way. Notes are being taken which will be used this winter to urge Congress to make an appropriation for the canal.

Mr. Saunders said that everything would be done to make the stop-over of the party in St. Louis pleasant, as local business men were interested in the canal project. The trip will be made aboard the numer.
